

# T-COMMAND

## (Touch Screen Keypad)

### Application Notes

The Touch Screen Keypad provides a versatile, enhanced, user-friendly alternative to our standard keypad. The keypad offers the user a choice of on-screen keypads to suit various matrices & DVRs. The keypad utilises proven touch screen technology combined with simplicity of use and aesthetic casework.

### Features

- Supports BBV TX1500 Matrix, DX1 Matrix, Ganz DVR & Fast DVR
- Supports PTZFI, presets, patrols and auxiliary functions
- Password protected on-screen engineering menu
- Supports direct camera and receiver menu access
